

# PRODUCT CENTRAL

## 118 EPS Environmentally Preferable Stripper TECHNICAL DATA

**Product Central 118 EPS** (Environmentally Preferable Stripper) is a concentrated floor stripper, designed to penetrate fast and easily remove green, non-zinc cross-linked floor finishes. Does not contain caustic soda or caustic potash. EPS is formulated to meet Green Seal's GS-40 standard when used at the prescribed dilution. EPS is available in ½-gallon cartridges for use in the Product Central Express Dispensing System.

This product meets Green Seal™ Standard GS-40 based on effective performance and protective limits on VOCs and human & environmental toxicity. GreenSeal.org.

**Disposal:** Surfactants biodegradable. Diluted product may be flushed down sewer. Check with local water treatment plant. Recycling container recommended.

**Personal Protection Equipment:** Protective nitrile gloves and safety eyewear are required.

### SPECIFICATIONS

|                    |   |
|--------------------|---|
| Dilution           | 1:10                                    |
| Yield/cartridge    | 20 gallons                              |
| pH at concentrate  | 12-13                                   |
| pH at use dilution | 10-11                                   |
| Color              | Green transparent liquid                |
| Odor               | Mild characteristic, no fragrance added |
| Weight per gallon  | 8.34 lbs.                               |
| Packaging          | ½ gallon cartridge                      |
| Shelf Life         | 1 year                                  |

August 2016

**FIRST AID:** IF SWALLOWED: Harmful if swallowed. Rinse mouth. DO NOT induce vomiting. Call Poison Center, 911 or emergency medical service. IF ON SKIN: Take off contaminated clothing and wash it before reuse. Rinse skin and affected areas with plenty of soap and water or shower. If skin irritation occurs, get medical advice/attention. IF INHALED: Remove person to fresh air and keep comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.

### EASY TO USE (USE COLD WATER)

- For floor stripping use with a wet mopping system or automatic equipment.
- For general heavy-duty cleaning use at with sprayers, wipers, sponges, and pails.

### INTEGRATED SYSTEM

Use the Product Central chemical cartridges with the

- **Express Wall Mount Dispenser**
- **Express Portable Dispenser**

### User Friendly

- Simply choose the appropriate chemical.
- Insert the cartridge into the dispenser.
- Select the spray bottle fill button or the bulk fill button.
- Fill spray bottles, buckets, machines, etc.
- The dispenser automatically dilutes the product.

### Built-in Features

- Each cartridge comes with its own dilution control mechanism.
- A flow reduction washer keeps pressure constant, assuring accurate dilution.
- Air gap technology protects the water supply.

### Smart Packaging

- Color and number coded labels
- Labels have icons to show proper usage
