

# PRODUCT DATA SHEET

## ENHANCER SPRAY BUFF/GLOSS BOOSTER

Enhancer is a proprietary blend of polymers that will maintain and restore floor finish. Enhancer creates a sensational high gloss “wet look” to worn out and dull finish. Use as a spray buff to get an immediate glossy shine during the high speed buffing operation. Enhancer gives the floor finish a uniform appearance by filling in scratches and eliminating black-heel marks.

Enhancer makes four coats of finish have the gloss level of eight coats. Designed for use with high speed buffers using hand or machine sprayers. Use on a regular basis will extend the life of your floor finish. Do not use as a daily spray buff.

### DIRECTIONS FOR USE

1. This product is ready-to-use.
2. Spray a stream of Enhancer on the floor in front of your high speed buffer.
3. Buff with a 3M Topline pad when using a 1500-1700 RPM. machine. Use a 3M Natural Hair pad for higher RPM machines.

**Note:** Wait 24 hours after new application of floor finish has dried and as a periodic maintenance product.

### SPECIFICATIONS

Appearance .....	clear solution
Fragrance added .....	none
pH .....	7-8
Non-volatiles .....	0%
Specific gravity .....	1.00
Storage stability .....	1 year

**Refer to the Safety Data Sheet (SDS) for detailed safety, health and environmental information.**

### PACKAGING

Available in 1-quart plastic bottles (12 per case).

December 2023

**11 Norfolk Street  
Mansfield, MA 02048
