

PRODUCT DATA SHEET

FIBERMASTER EXTRACTION SHAMPOO

Fibermaster Extraction Shampoo is a highly effective carpet cleaner for all truck mount and portable extraction equipment. Fortified with soil suspending agents and optical brighteners. Low foam. Safe pH for all types of color fast carpeting. Specially formulated not to remove stain resistance treatment on New Generation carpet.

DIRECTIONS FOR USE

Prior to use: Remove all furniture and vacuum carpet or upholstery. Check for color fastness of carpet by wetting a small inconspicuous area with diluted solution. Rub a clean white cloth over area. Color stains on cloth indicate poor color fastness. Do not use in this situation. To avoid stains do not place wooden or metal furniture on wet carpet.

Directions for use with portable or truck mount equipment: For normal soil use 1/2 ounce per gallon of warm water. For heavy soil use 1-2 ounces per gallon of warm water.

Apply solution with a slow pass of each area. Slightly overlap each pass to ensure coverage. For heavily soiled areas, repeat the process.

For best results, vacuum *Fibermaster™ Defoamer* solution with the machine's vacuum hose into the recovery tank. This allows the solution to coat the tank and hose.

SPECIFICATIONS

Appearance	clear liquid
Fragrance added	Fresh
pH.....	12.5-13.5
Specific gravity.....	0.99-1.01
Storage stability	1 year

Refer to the Safety Data Sheet (SDS) for detailed safety, health and environmental information.

PACKAGING

Available in 1-gallon plastic containers.

January 2024
