

PRODUCT DATA SHEET

NC-64 NEUTRAL CLEANER

A concentrated, all purpose, neutral detergent with a unique blend of fast-acting surfactants. Cleans thoroughly and easily without rinsing. Recommended for cleaning composition, resilient, dimensional stone and masonry floors, with or without floor finish. Use with any type of cleaning tool, such as an automatic scrubber, pressure washer, mop or brush. Highly effective at removing all types of soils including grease, oils, smoke deposits and carbon char. Use as an all purpose cleaner on almost any hard surface including ceramic tile, kitchen stoves, windows, Plexiglas, countertops and vehicles. Does not contain alkaline detergents or glycol ethers. Repeated use will not cause corrosion of aluminum truck bodies or etching on glass counter tops and ceramic tile.

DIRECTIONS FOR USE: Dilute with cold water.

For use in auto scrubbers or damp mopping light soil: dilute NC-64 at a rate of 1:64 in cold water. No rinse is required.

For damp mopping normal to heavy soil, including grease: dilute NC-64 at a rate of 1:64 in cold water. No rinse required.

For deep scrubbing floors finished with floor finishes with an autoscrubber: dilute NC-64 at a rate of 1:64 in cold water. Apply the solution without the vacuum system and the squeegee in the up position. Double scrub the area then vacuum up the solution.

For deep scrubbing floors finished with floor finishes with manual equipment: dilute NC-64 at a rate of 1:64 in cold water. Apply the solution with a mop or applicator. Double scrub the area with a floor machine and then pick up the cleaning solution from surface with clean mop or wet-vacuum.

For general all purpose spray and wipe cleaning on most hard surfaces: dilute NC-64 at a rate of 1:64 in cold water. Spray on surface, let dwell and wipe clean with a cloth or paper towel. No rinse is necessary.

Refer to the Safety Data Sheet (SDS) for detailed safety, health and environmental information.

SPECIFICATIONS

pH as supplied.....	6.5-7.5
pH dilution.....	7.0-8.0
Appearance	clear violet liquid
fragrance added	lavender
Specific Gravity.....	1.01-1.02
Boiling Point	Ca 212°F
Solubility in Water	Complete
Evaporation Rate.....	Similar to water
Volatile Organic Compound.....	0%
Shelf Life	18 months

Improper use or dilution may cause damage to some surface materials, such as floor finish, plastics, wood finish, etc., as well as increase the risk of health effects.

Recycling container recommended. Dispose of unused concentrate in accordance with local, state, and federal regulations.

PACKAGING

Available in 1/2-gallon Tip & Measure containers (4/case) 1-gallon containers (4/case) and .5-gallon pails
