

PRODUCT DATA SHEET

WINTERCLEAN 365

A highly-concentrated neutral cleaner and stripper neutralizer, suitable for use year round. Use daily, during the winter months, to clean unsightly and harmful de-icing residues from floor surfaces, and as a pH-balanced neutral cleaner 365 days a year. Prior to applying floor finish, use Winterclean 365 as a fail-safe rinse to eliminate streaking during finish application. Winterclean 365 also neutralizes harmful alkali stripper residue that can cause finish to fail. Will not damage finish gloss. No rinsing necessary. Safe for use on all types of finished and non-finished natural and synthetic floors including VCT, stone, ceramics, concrete and sealed wood, asphalt, rubber, cork, sealed wood, vinyl, vinyl asbestos, linoleum, terrazzo and stone.

DIRECTIONS FOR USE: Dilute with cold water.

For use as a neutral cleaner:

1. Add 2-4 ounces of Winterclean 365 to 1 gallon of cold water.
2. Wash floor using a damp mop. Change solution as needed. No rinse required.
3. If using Winterclean 365 in an automatic scrubber, use 2-4 ounces per gallon of cold water.

For use as a pre-finish neutralizer after stripping or deep scrubbing:

1. Use the same as above.
2. Wait until floor has dried before applying floor finish.

For buffing programs:

Use Winterclean 365 at recommended dilutions on days with no scheduled buffing. On days scheduled for buffing, for best results, apply a maintainer/restorer prior to buffing.

Refer to the Safety Data Sheet (SDS) for detailed safety, health and environmental information.

SPECIFICATIONS

pH as provided	11-12
pH at use dilution	8.5-9.5
Color	Blue
Fragrance added	Wintergreen
Solids	10.9%
Water Solubility	100%
Specific Gravity	1.01
Flash Point	None at the boil

Improper use or dilution may cause damage to some surface materials, such as floor finish, plastics, wood finish, etc., as well as increase the risk of health effects.

Recycling container recommended. Dispose of unused concentrate in accordance with local, state, and federal regulations.

PACKAGING

Available in 1-gallon jugs (4/case) and 5-gallon pails.
